"You don't have to worry about my future any more
— I just downloaded an entire college education."

- Realising this, Kerala Agricultural University launched the pioneer Indian Project of using a Cyber Plat form for Online courses in agriculture
- The courses were aptly called as ഇ-കൃഷിപഠനശാല(इ -कृषि पाठशाला)

- We designed purely indigenously, a Digital Course Management system for online courses
- The Content generation and Course modules were prepared with the help of experts of the State Agricultural University

KAU ONLINE COURSES

- ❑ In November 2012, three Online Courses were launched (Certificate Courses of 6 months' duration):
 1. Organic Agricultural Management
 2. Plant Propagation and Nursery Management
 3. Post Harvest Management & Marketing of Fruits and Vegetables

CEL ONLINE COURSE

- Received hundreds of applications for the course from within India and abroad
- Final participants were from Kerala, outside Kerala, middle east and even from the USA Participants are of age range of 17-65 years
- Wide range of formal educational qualification from Senior secondary to Post Graduation

- All aspects of the courses are managed online:
- Registration, Dispatch of lessons, lectures, video clippings, practical demonstration videos, assignment and project topics,all are online.
- Online learners are attached to the Faculty of the State Agricultural university as Tutors and consultants

- The Krishipatasala uses the KAU Agri-Infotech Portal www.celkau.in as the platform for running the Course program

- Learners clear their doubts and share information with the consultants through internet and the specially designed 'Discussion Forum'
- Submission of assignments, Case studies and Project reports are online
- All the examinations are done online

- Quarterly contact classes for practicals are arranged
- Attendance in contact classes are optional
- The videographed contact classes are sent to all participants
- Online reference sources are suggested to the learners

- A separate e-mail forum and a common Chat forum are provided for peer discussions and exchange of ideas among the learners
